REPORT OF GRAND JURY

KNOX CIRCUIT COURT

April Term, 1915.

To the Hon. F. D. Sampson,
Judge of the Knox Circuit
Court:

We the undersigned Grand
Jury empaneled for this term of
the Court beg leave to submit the
following report:

We have made a thorough in-
vestigation of all violations of
the penal, and criminal law, in-
dicting such persons as we felt,
under the evidence, were guilty.

We have paid special attention
to the violation of the local option
law and carrying concealed weapons; we have also investigated
the violation of the election laws,
but we find that the use of whiskey
and money or other things
to influence voters has not to our
knowledge been done within the
confines of this County.

We have visited the jail and
other public offices of the County
and find them in a good and san-
itary condition, and well kept.

We heartily endorse the actions
of Judge Sampson in stamping
out the blind tigers and bringing
all bootleggers to justice, as well
as stamping out the nefarious
practice of the use of whiskey
and money in elections.

We also endorse Judge Samp-
son's actions in calling a special
term of the Court to be convened
on Monday the 9th day of August
for the purpose of investigating
the way and manner in which
the primary will be held on
August 7, 1915.

And we recommend that said
term be called and that a Grand
Jury be empaneled for the pur-
pose of investigating the way
and manner in which said election
is held and the use of liquor or
money to influence voters, so that
Knox County may keep upon the
high plain of citizenship to which
your Honor has, by your untiring
efforts has placed it.

We have now completed our
work for this term and have per-
formed that duty without favor
or affection, returning such in-
dictments as the law warrants.

Respectfully submitted,
LEE BAIN
Foreman.

Resolutions of Respect

The death angel has more
invaded our ranks and placed
from our number a true and loyal
brother and again turns to us
that sacred admonition man that
is born of woman is of few days
and full of trouble. The great
architect of the universe has seen
fit in his infinite wisdom for reasons
better known to him self than
to us to call our brother James
Hart to that home not built with
hands eternal in the heaven.

Therefore be it resolved that
in the death of brother Hart the
country has lost one of its best
citizens, the family a devoted
husband and father. We are at
loss to express our sympathy to
the bereaved wife and orphan
children, ever remembering to
point them to Him who has said
"I will temper the wind to the
shorn lamb and be the widows
God. Resolved

That a page of our record be
set apart for the resolutions and
a copy sent the bereaved family
also a copy sent to the Knights of
Odd Fellow and The Mountain
Advocate, all of which is frater-
nally submitted in Friendship,
Love and Truth.

Signed by the committee,
F. C. Disney
B. G. Ridner
C. B. Donaldson
Committee.

Paragon of Wives.
"Does your wife wife you continually
for cold?" "No; she's an excellent
bridge player. Blame her little
heart; she sent me \$10 this month on
the rent money."

Knox County Bonds Sold

Last Friday the 7th at noon
Judge Hammons opened the sale
of Bonds for Knox County the
Fiscal Court being present, and
there was several bids submitted
on bases, the Judge and court
court not consider by reason of
the per cent of interest and par
value and premium offered, then
Judge Hammons rejected all bids.
The court then proceeded with
other business and reopened the
sale at 6:30 p. m. same day and
at this offering the bonds was
sold to Sidney Spitzer & Co. at
Toledo Ohio at par, and two
thousand eight hundred dollars
premium and bonds furnished by
the company. This is a good sale
and another victory for Judge
Hammons.

RUNYON'S SMILE

I wouldn't think much of a
man if he had a smile that didn't
scratch, and I wouldn't give a
damn for a cause of religion that
won't take the dirty gal, rascal
and curmudgeon out of a man
or woman only on Sunday. A
religion that will permit a fellow
to serve the devil six days and
twenty-two hours in each week,
and then take him to heaven for
just giving two hours to the lord
on Sunday, is not the kind this
little religious magazine is pre-
aching. Give me the kind, or brand,
that make men love their neighbor
as themselves, feel natural and
in their welfare, and you will
have the very kind that the
Saviour had when he broke bread
with beggars and slept in the
brush.

How I long to see the day when
there will be established here in
these United States, a United
Commonwealth of Comrades.

If "the buy a bale of cotton,"
proposition had not have materi-
alized just when it did, where
would the Anderson county farm-
ers have been by this time?
Dammit.

If an angel in heaven would
come down and mix with society
people in their churches on Sun-
day, it would be impossible to
get back into heaven without be-
ing fumigated and cleaned with
carbolic acid, formaldehyde and
lye.

The little worthless, wiggling,
painted "gal" who will attend
"parties" in zero weather and
sit around half the night naked
down to her seventh rib, is just
the sweet little thing that will
complain of "cold weather" when
her poor old mother asks her to
bring a bucket of water.

The boy who calls his fat
"old man" is generally a little
stinking "puke" who sucks
cigarettes.

Russia in her terrible struggle
of war, is dictated to by "Grand
Dukes," while in America, our
finances are dictated by Daddies.

Quite a commotion occurred
yesterday when a perfect lady
among the jay-birds, Editor Sun-
day at Tucker, caused by the artifi-
cial cherries worn on the hats
of some of the colored sisters,
and not even paid for.

A woman who stays at home
satisfies with nothing but a pet-

cat, never her of a man mar-
rying, and a reformer.

A girl dressed, perfumed
and powdered, has good
manners herself.

You don't have to "try" to
know who more than you have
done, and every both
when you are too skeptical.

When a man of the guilty
rich go bankrupt the poor
very likely to be ruined for the
entirety of the loss.

I have a dollar or two
money in a trading pocket, than
a dollar donated by a cotton old
baptist at the church's contribu-

tion box. The average man
wouldn't try to bore an inch
hole in a gasket, they would
be too damn sentimental.

Even because of the law of
attraction prices go up and
walks go down.

There is very little difference
in the smell of a ripe hog lard
and the taste of a cigarette sucker.

But there is a difference in a
boy and the "thing" that will
suck a cigarette a hog won't
do it.

It is time to stop a fellow
talking to you just loan
you a few cents.

Of all the contemptable folks
on earth, its the weazel-eyed,
fistocracy, intellect fisted,
and hypocrites that are
most repulsive people
away from the churches.

Some of my critics accuse me
of being very much liking in good
fellow. Let that be as it may,
I have the ability to use words
to express my thoughts, even if
they may not be exactly correct.

I don't say what about it, every
Democrat in the United States
has used to have a one

or two stamp struck on the
end of his smaller.

No doubt this little religious
aspiration may at times seem
foolish, but I faithfully promise
you will never be harsher than the
Dukes, while in America, our

finances are dictated by Daddies.

COOPER TELLS WHY
TANLAC IS POPULAR

Because the Preparation
Contains Real Merit.
He Says in Statement

"If I have been successful with Tanlac," says E. L. Cooper, "it is because the preparation contains real merit."

"Tanlac is the result of many years of arduous study by one principal chemist. In fact, the two of us have carefully watched its development from the beginning of the experiment in order to its present high state of efficiency."

"In cases of catarrhal affections of the mucous membranes, stomach, liver, and kidney complaints, I believe there is nothing so far discovered that will equal the action of Tanlac."

"Ever and anon someone suggests something that may tend to better our condition, whether it may appertain to our health, our business, or our sociological state. It has therefore been no pleasure this time to offer to the world Tanlac."

"When I came to Louisville I stated that the success of my medicine would be as great in this city as it was elsewhere. I offered Tanlac upon its merits, knowing full well that it would prove satisfactory if properly tested."

"The success the preparation has achieved here in Louisville is ample evidence that my confidence in Tanlac is well founded."

"A large percentage of the best people are now using the preparation, and their improved testimony to its excellent value as a medicine of exceptional value in instances of catarrhal stomach, liver, and kidney derangements, nervous debility, and in cases where a superior tonic is required."

"It is true that the demand for Tanlac has been large, but a larger than 1 had expected. Louisville is only awakening to an appreciation of the full value of such a preparation. The success in your city will be even greater."

Tanlac, the premier preparation, is being introduced in Barboursville Ky. at Herndon Co. Store.

Dean's Kidney Pill has done splendid work in this locality.

Have merited the most plaudits they have received.

Here's evidence of their value that none can doubt.

It's testimony from the locality twice told and well attested.

Such endorsements are unique in the annals of medicine.

Should anyone think the skeptical Barboursville folks,

N. Watkins, Main St., Herndon, Ky., says:

"I fact I have been troubled for years with my kidneys. I couldn't sleep without suffering from sharp twinges through the small of my back."

The kidney secretions were too frequent in passage and I knew my kidneys were causing trouble.

Dean's Kidney Pill rid me of the trouble." (Statement given Mar. 23, 1908).

Over Three Years Later N. Watkins said: "Since being cured by Dean's Kidney Pill, I have had no sign of kidney trouble."
